

Connect JIRA button

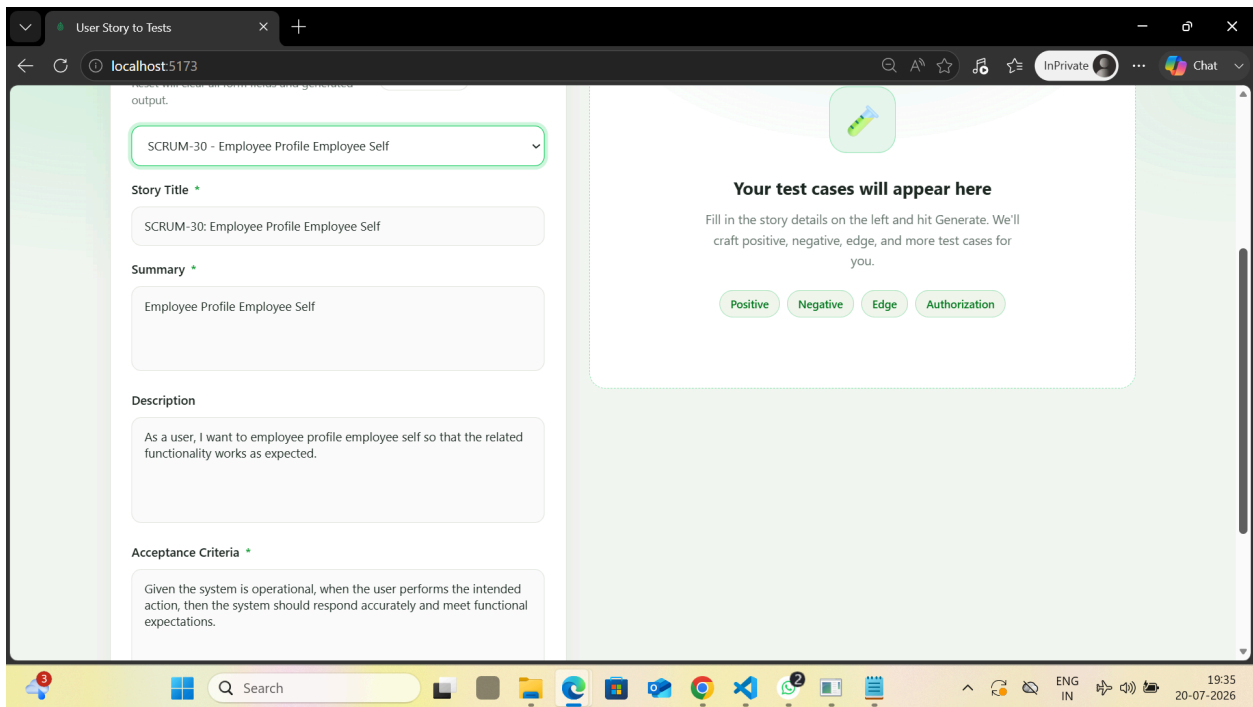

Click on connect JIRA

On Selecting Values from dropdown all fields are autopopulated

Clicking on generate test case

The screenshot shows the 'User Story to Tests' application interface. The left panel, titled 'Story Details', contains a 'Connect JIRA' button, a 'Reset' button, and a dropdown menu showing 'SCRUM-30 - Employee Profile Employee Self'. Below this are input fields for 'Story Title', 'Summary', and 'Description'. The right panel, titled 'Generated Test Cases', shows '10 test case(s)', 'Model: openai/gpt-oss-120b', and 'Tokens: 1765'. It displays a table with two test cases:

TEST CASE ID	TITLE	CATEGORY	EXPECTED RESULT
TC-001	View own employee profile successfully	Positive	The employee's profile page loads displaying correct personal information, job title, department, and contact details.
TC-002	Edit personal information with valid data	Positive	Profile updates are saved, a success message is displayed, and the updated information appears on the profile page.

The Windows taskbar at the bottom shows the time as 19:36 on 20-07-2026.

On clicking reset

The screenshot shows the 'User Story to Tests' application interface after clicking the 'Reset' button. The 'Story Details' panel now has empty input fields for 'Story Title', 'Summary', and 'Description'. The 'Generated Test Cases' panel is empty and displays a message: 'Your test cases will appear here. Fill in the story details on the left and hit Generate. We'll craft positive, negative, edge, and more test cases for you.' Below this message are four buttons: 'Positive', 'Negative', 'Edge', and 'Authorization'. The Windows taskbar at the bottom shows the time as 19:36 on 20-07-2026.
